Federal E-rate discounts received by the CBO will be taken into account before application of the CTF discount as follows:

- (a) If the CBO has been approved to receive E-rate discounts, the E-rate discount received shall be deducted from CTF eligible service charges prior to applying the 50% non-voice/25% voice discount.
- (b) If the CBO does not have an actual E-rate, a statewide average E-rate discount (set annually by the Commission) shall be deducted from CTF eligible service charges prior to applying the 50% nonvoice/25% voice discount.
- (c) The statewide average E-rate discount is deducted from the CBO’s services solely for purposes of calculating the CTF discount. The statewide average discount shall be added back to the billed amount for payment by the CBO. However, when the CBO subsequently receives its approved E-rate benefit, the CBO’s account shall be retroactively adjusted to reflect the approved E-rate funding.

Federal E-rate discounts received by the participant will be taken into account before application of the CTF discount as follows:

- (b) If the participant has been approved to receive E-rate discounts, the 50% non-voice/25% voice discount will be applied to the services after deducting the actual E-rate discounts from the billed amount.
- (c) The statewide average discount is deducted from the participant’s services solely for purposes of calculating the CTF discount. The statewide average discount shall be added back to the billed amount for

Rural Health Care Providers (RHCP). Public or non-profit healthcare providers in rural areas may be eligible for Federal rural healthcare discounts under the Rural Health Care Program of the Universal Service Fund. Rural Health Care (RHC) funding received by a RHCP shall first be taken into account prior to applying the CTF discount to the eligible service charges subscribed by the RHCP. The 50% non-voice/25% voice CTF discount shall be calculated as follows:

- (a) The 50% non-voice/25% voice discount shall be applied to the entire CTF eligible service charges subscribed by the RHCP that does not apply for Rural Health Care (RHC) funding in a given fiscal year.
- (b) The 50% non-voice/25% voice discount shall be applied to the entire CTF eligible service charges subscribed by the RHCP awaiting approval for RHC funding. Once approved, the CTF discount shall be trued up for that fiscal year to take into account the RHC funding received.

4. Special Terms for Voice Discounts. CTF recipients or prospective applicants in unserved or underserved areas of California can apply for a "Voice Exemption" to maintain a 50% discount on their voice services if they are using dial-up telephone service as the only means to access the Internet. An entity can verify if its location is eligible for a Voice Exemption by using the California Broadband Availability map on the Commission's CTF web site. Upon approval of the Voice Exemption by the Commission, their location will maintain the 50% discount for voice service, but will not be eligible for CTF discounts on other data or access services at that location.)
